A daily pick me up

WITHOUT THE UNHEALTHY FILLERS.

We call that a win-win.

Coffee

Meet BeneTRIM Coffee, a subtle nod to your favorite hot (or iced) beverage. BeneTRIM Coffee combines 100% Natural Arabica Bean instant coffee with nutritious herbs and plant extracts including Chicory, Garcinia and Magnolia. Show the afternoon crash whose boss, your new favorite pick me up is here.

Directions: Mix 5 grams (1 sachet) into a cup of hot water. Adjust water amount for desired taste. Drink 1-2 servings per day as desired.

Capsules

No coffee, no problem. You can still enjoy all the mood enhancing and weight slimming benefits in BeneTRIM with our BeneTRIM capsules. BeneTRIM capsules DO NOT contain coffee. BeneTRIM capsules DO contain the healthy herbs that specifically support weight management and a positive mood.

Directions: Take 1 capsule with 12 ounces of water in the morning, 30 minutes before breakfast. Take 1 capsule with 12 ounces of water in the late afternoon, 30 to 60 minutes before dinner. Best when taken twice daily, 30 minutes before a meal.

Coffee + Capsules

BeneTRIM's instant coffee blend and capsules are the perfect partners. For best results, take two servings of BeneTRIM per day. You can choose to take 2 servings of the instant coffee (2 sachets) or 2 servings of capsules (2 capsules). You can even switch it up and take 1 serving of instant coffee blend (1 sachet) and 1 serving of capsules (1 capsule) each day.

**Together, apart, or a mix of both:
The effectiveness remains the same.
So take BeneTRIM and BE HAPPY!**
