# SAYING HELLO TO TAKA™

## THE WORLD'S **HEALTHIEST** ENERGY DRINK

Bursting with natural flavors, **TAKA™ delivers good health, positive energy, increased vitality and overall wellness.** TAKA™ contains the best of good nutrition from natural herbs, organic fruits, vegan amino acids in one delicious drink! **TAKA™ is full of natural vitamins and minerals.**

**Turmeric:** Supports brain health, mental clarity, focus and productivity. It also helps reduce inflammation in your body, helping support injury recovery and overall health.

**Hibiscus:** Not only does Hibiscus give TAKA™ its delicious flavor, it also supports a healthy immune system and gut health.

**Blueberries:** Blueberries contain natural fiber, potassium folate, vitamin C, vitamin B6 and phytonutrients. All of these nutrients help support mental clarity, brain functionality and health, as well as support a healthy immune system

**Guarana seed:** This beautiful berry from Brazil is packed with natural energy known as guaranine. It delivers sustainable and healthy energy throughout the day.

**Fucoidan:** Fucoidan is a form of brown algae that is rich in nutrients called polysaccharides. Fucoidan supports a healthy immune system and healthy metabolic processes in your body.

**Chromium:** This is a crucial trace mineral that supports healthy and balanced glucose metabolism. Chromium also supports protein, carbohydrate and lipid metabolism, helping with gut health and digestion!

**Vitamin A:** is a fat-soluble vitamin that is naturally present in many foods and supports good vision, the immune system and the cardiovascular system.

**Vitamin C:** known as L-ascorbic acid, is a water-soluble vitamin. Vitamin C is necessary for supporting healthy body tissues. It's also involved in many natural body functions like formation of collagen, absorption of minerals, and a healthy immune system.

**Thiamin, Riboflavin and Niacin (Vitamin B1, B2 and B6):** are water-soluble B vitamins that play a critical role in energy metabolism and the growth, development and function of cells. Niacin is a key part of helping your body digest and metabolize proteins, fats and carbohydrates.

**Vitamin B6 - 450%:** Vitamin B6 is a water-soluble vitamin that supports healthy neurotransmissions as well as healthy metabolism of proteins, fats and carbohydrates. In particular, Pyridoxal 5' phosphate is the active coenzyme form of vitamin B6. 14

**Vitamin B12 - 900%:** Vitamin B12 is a water-soluble vitamin that is essential for the production of red blood cells and for DNA function. B12 also supports healthy glucose metabolism.
